

Are you ready to knock-out your project?

Don't forget the most important tool...

Your Camera!

Each year A & E Recycled Granite nominates 3 outstanding Do It Yourself jobs that installed our products for the

BEST DIY PROJECT CONTEST!

The contest is really quite simple. It takes place on Facebook, featuring a photo that you emailed to us of your completed job. It will list information about the job itself; like what the project was, what product was used and how much recycled material the job contained. The picture that receives the most "LIKES" wins! Since Facebook only allows one "like" per account, the winner is decided solely on the popular vote. All DIY projects completed in the calendar year are eligible for nomination. Submissions must be received before December 31st. The 3 nominated projects will be notified by email before voting begins. Voting starts the first Monday of the new year. Contest prize varies per year.

So grab your camera and start photographing your amazing project!

Send entries to aerecycledgranite@icloud.com with the subject "Best DIY Project"

2015 Winner of the **Best DIY Project** and \$50 Olive Garden Gift Card, Bill from Vail, Arizona. Bill designed, prepared and installed this beautiful BBQ Island to be the focal point of their outdoor living and entertaining space.
